Article title: *In vivo* evaluation of fluoride and sodium lauryl sulfate in toothpaste on buccal epithelial cells toxicity
Authors: Tadin, A., Gavic, L., Govic, T., Galic, N., Vladislavic, N. Z., & Zeljezic, D.
Journal: *Acta Odontologica Scandinavica*
Bibliometrics: Volume 77, Number 05, pages 386–393
DOI: http://dx.doi.org/10.1080/00016357.2019.1577988

When this article was first published online, a textual error was found in the captions for Table 2 and Table 3.

The original caption text stated: "Mean values and standard deviations for micronucleus test endpoints in buccal epithelial cells (average cytogenetic damage score/1000 **gingival** epithelial cells) among participants who were using Plidenta brand of toothpaste at different time points."

The correct wording is: "Mean values and standard deviations for micronucleus test endpoints in buccal epithelial cells (average cytogenetic damage score/1000 **buccal** epithelial cells) among participants who were using Plidenta brand of toothpaste at different time points".

The authors wish to point out that the research was conducted using **buccal** cells.

The error has now been corrected and the article has been re-published.
