

Erratum

Re “Wet or dry, normal or deproteinized dentin surfaces as substrate for dentin adhesives”, Acta Odontol Scand 2002;60:60–64

Column A + B + C + D in Table 3 on page 62 was reproduced wrongly. This table is reproduced correctly below.

We apologize to the author, the Editor and readers for this lapse.

Table 3. Evaluation of differences in the mean bond strengths (Table 2) between the eight adhesives. The results are given as symbols for the adhesives with the mean bond strengths in parentheses. For each treatment as well as for the combined results ($A + B + C + D$), means that are not significantly different are marked with a vertical line. Each column is in order of increasing mean bond strength

<i>A</i>	<i>B</i>	<i>C</i>	<i>D</i>	<i>A + B + C + D</i>
EX (8.3)	SB (2.7)	SB (13.1)	SB (13.3)	SB (11.5)
